

**Samareh Azimpoor - Technical Committee**

Samareh received her PhD in Industrial Engineering at Ryerson University. Samareh is currently Data Scientist at Kinectrics Inc where she is working on cutting edge data science and analytics technologies. She is passionate about applying neural networks and deep learning to various enterprise problems. Samareh has a very strong background and a deep understanding of a broad spectrum of topics related to Statistics and Reliability Engineering and many of them address emerging modeling, optimization, and decision-making problems in systems. She has over 6 years of experience in industry as a project planner.
